Dear Customer

As you find yourself with a copy of our catalogue in your hands, enjoy looking through the pages of inspiration and innovation with many new products included for the first time.

Berwick is a family run business whose mission is to provide a quick, efficient and reliable service, to enable you to get straight back to what you do best – CARE.

And we've got every area covered – Care Interiors, Care Equipment and Care & Hygiene Disposables.

I really do hope we can help to make your role easier.

Yours sincerely,

Mark Brassey
Director

Our Service

We pride ourselves on the quality of customer service our clients experience.

Berwick Care's professionals are highly knowledgeable, friendly and helpful. It's great to have experts on hand to support our organisation when we need it, saving our business valuable time and money.

Frank McGuinness, Operations Director, Venturi Healthcare

Are your costs under control?

Medical, Care & Hygiene products. Often the second biggest figure on the Profit and Loss, are your costs under control?

Berwick customers enjoy access to our simple 3 step Lean Audit process to get your Supply Base more lean and functioning at its optimum. Maximising value & minimising waste.

The Berwick 123 Returns Policy

The best returns policy in the Care Industry

Not satisfied with your purchase? Request a full credit and free collection. Our 123 Returns Policy is as easy as 1 2 3.

1. Call the office to request a free collection within 123 days of your purchase
2. Ensure the goods are accessible for collection on the day given
3. Watch the credit land on your account. Terms and Conditions apply.

Terms and Conditions

Goods returned will only be accepted where they are in a resalable condition and in their original packaging. Credit will be issued once goods have been inspected to check they conform to these terms and conditions by Berwick stock control staff. The 123 Returns Policy excludes bespoke or special order items. All credits are issued at the discretion of the Directors of Berwick Care Equipment. Their decision is final. E & OE accepted.

Training & Support

We do more than supply product - **we help you care**

To support the satisfactory use of products, Berwick customers enjoy free, in-house, face-to-face training, provided on subjects as diverse as COSHH, Bed Rails and Incontinence Management.

Thank you for ALL your help over the last few weeks re items I needed urgently for an Infection Control Audit, this has been done this morning and went extremely well, thank you again.

Liz Hallen, Isle Court

AssistDesk

Inspectors raising compliance issues? Does best practice continuously elude you? Have you found that unique client with unique wishes and wants?

Welcome to our AssistDesk where our expert and experienced SpecAssists (Specialist Assistants) are helping with these and other related issues every day.

Who will I be speaking to?

All lines are operated by fully qualified Berwick SpecAssists – to qualify to be a Berwick Specialist Assistant, staff first go through intensive training which includes a minimum of two years' experience and are familiarised with both end users and the manufacturers of the Berwick range. Giving a unique mix of both industry and product knowledge, SpecAssists are also empowered to contact manufacturers and suppliers DIRECT on your behalf.

What will I experience?

Our Service Level Agreement is as stretching as it is powerful

- Every call answered within 10 seconds during opening hours
- Been up at night worrying about it? Our lines open from 7am, Monday to Friday
- No call is put on hold for more than 180 seconds without a progress update
- Transferred no more than twice before reaching the correct Specialist Assistant
- No call closed without either providing the answer or giving the details of someone who can provide the answer

Contents

Care Interiors (pages 12 - 72)

Procuring furniture for healthcare needs to deliver on every level; price, value, practicality, durability, performance, flame retardancy, quality and design. Choosing Berwick ensures you make a choice that will fulfil all your criteria, ensuring long-term satisfaction.

Care Equipment (pages 73 - 112)

Berwick's range of specialist equipment is carefully selected to fulfil the following criteria; to provide safety and comfort for vulnerable patients, to make the carers job easier and safer, to provide value for money. From snag-resistant face cloths to made to measure seating, Berwick can fulfil every requirement.

Care & Hygiene (pages 113 - 205)

Let us help you care for your patients well-being and maintain a clean, fresh environment. You want it – we've got it. Huge stocks to ensure we can deliver the right product when you need it. Our 'Essential Promise' demonstrates the strength of our commitment to deliver requirements.

Furniture - Lounge

Fero Chair

The luxury Fero relax chairs raise the level of healthcare seating with their stunning looks and function.

All parts are attached to a relax mechanism that was especially developed for the health care sector. Thanks to the patient tilt mechanism, the backrest, seat and leg rest can be tilted simultaneously, so that the patient can assume the 'zero gravity' position. The tilt mechanism can be locked in any position with a lever that can be controlled on both sides of the chair.

Chesney - Chetwyn

Pine furniture collection using a traditional inset drawer and plinth base design. Using solid pine throughout, it has dovetailed drawers and tongue, and groove drawer bottoms and cabinet backs.

All products are finished with a waxy feel lacquer in the traditional antique colour, complemented by a Victorian styled knob.

Furniture delivered fully assembled, with the exception of wardrobes which are partially flat packed to facilitate ease of delivery.

- Very robust and stable
- Long life – the solid wood facilitates easy repairs.

**As Pine is a natural product, stock may vary from the pictures shown.*

Chetwyn Room Set

Room set comprises ladies wardrobe, 3 drawer wide chest, 2 drawer lockable bedside cabinet.

Olympia Profiling Bed

Nowadays, both the resident and nursing staff demand a comfortable and ergonomic bed. Only then, the resident can be as autonomous as possible, whereas the nursing staff can work efficiently. That's why the most modern techniques and a progressive functionality have been integrated in the attractive design of the Olympia bed.

The integrated bed extension makes it possible to extend the bed with 20cm. Multiple positions available through the handset including Reverse Trendelenburg, sitting position, a high position of 78cm or a low position of 35.5cm (25cm on Olympia X Low). Standard beds are supplied without side rails.

Furniture - Mattresses

E135 Comfort Underlay

Comfort underlay. 2"/5.1cm underlay to be used in conjunction with an air mattress.

Price: £58.00

E136 Ultra Comfort Plus Mattress

This innovative mattress considerably reduces the risks of bedsores forming in the most exposed areas which are the sacrum, occiput and heels. The cavities of the base absorb a bigger part of the patient's weight and considerably reduce compression of the memory foam.

Price: £185.00

E137 Comfort Plus Mattress

With its castellated structure, this mattress offers comfort, patient profiling and efficient ventilation. The mattress adapts to the patient's body shape while reducing the number of pressure sensitive bearing points and the sweating effects.

Price: £125.00

E138 Viscoe Comfort Plus

The monobloc mattress, combining an upper part in memory foam and a base in high resilience foam, provides an appropriate response to the needs of prevention, comfort and hygiene of patients at risk of bedsores.

Price: £165.00

Furniture - Over Tables

Standard Overbed Table

Versatile tables can be used with a chair or a bed to provide a convenient table surface. It is height and angle adjustable, and is available with or without castors. Hard wearing, non-absorbant laminate top is easy to clean.

E007	Overbed Table with Castors	£44.00

W345A Deluxe Rise And Fall Table

Rise and fall table is an easy, one handed operation with its gas strut assistance. Large plastic top is easy to clean. Pleasant design blends comfortably into the environment.

Price: £185.00
Non-Assembled Price £165.00

W345E Rise and Fall Table

A table that offers the ultimate in luxury for both user and carer. Spring loaded rise and fall mechanism enables clients with poor grip to adjust by finger action only. Large table surface area, with beech finish is hard-wearing and easy to clean.

Price: £220.00

Furniture - Bedding

Turn Easy Sheet

The action of turning in bed made easier with this new fitted sheet with a centre panel of low friction satin. The draw sheet has a satin underside and remains in place for the patient to lie on. The two low friction surfaces working together enable a carer to turn, roll or move the patient up or down the bed. This is accomplished without handling them.

D602	Fitted Sheet - 200 x 90cm	£39.99
D603	4 Way Drawer Sheet 150 x 115cm	£44.99
D604	2 Way Drawer Sheet 200 x 145cm	£22.99

T-Roll Positioning Aid

The T- Roll positioning Aid has tubular shaped CMHR foam core, with a wipe clean vapour permeable cover. It is T shaped to give comfort and leg support when in a laying position. Cover is zipped on enabling it to be removed and washed.

E707ES	Extra Small - 100 x100 x 150mm	£34.99
E707S	Small - 150 x 150 x 510mm	£35.99
E707M	Medium - 150 x 200 x 710mm	£45.99
E707L	Large - 200 x 200 x 710mm	£47.99
E707EL	Extra Large - 200 x 250 x 710mm	£52.99

Furniture - Bedding

E149L UltraLinks Bedsread
UltraLinks Bedspreads deliver lasting patient comfort and warmth. Made from soft polyester, UltraLinks tight, smooth weave minimises the risk of snagging and is hemmed for a clean finish. With excellent stain release properties and colour retention.

Dimensions: 64cm x 244cm

Prices from: **£24.95**

Furniture - Bedding

Sleep-Knit No Iron Bed Linen
UltraLinks Bedspreads deliver lasting patient comfort. Specially knitted polyester fabric for performance and comfort. Innovative design requires no elastic. 4 way stretch fabric minimises creasing and rucking. Wash up to 95°C and tumble dry on a medium setting.

Available in White, Pink, Green, Cream, Peach, Yellow, Blue. Add first letter to end of code.

Sleep-Knit is a knitted-fitted bedding system that uses a specially constructed four way stretch fabric.

Sleep-Knit only requires one person to make the bed, thus saving time and money.
Sleep-Knit never requires ironing, thus saving time and money.
Sleep-Knit remains crease free and helps to reduce shear and friction, improving resident comfort.
Sleep-Knit is flame retardant to European Standard EN ISO 12952. It is latex free and contains no elastic.

E165 Smart Sheet
Fits easily on the majority of mattresses, and it's non-elasticated design is very effective on both profiling and air-flow mattress.

Available as standard curtains with header tape. Prices plus VAT.

Care Interiors.
we create rooms that sell

Did you know...

A well designed room is more than a nice looking room.
A well designed room can reduce workloads on staff.

Top Tips

- 1. Signage**
If residents can direct themselves to the bathroom, it may prevent accidents which both distress residents and increase staff workloads.
- 2. Accessories**
Providing user-friendly kitchen devices may encourage clients to prepare their own food, thus freeing staff to concentrate on the less able.
- 3. Furnishings**
Clients feel more at home with familiar objects around them. In care settings it is important that residents are able to personalise the furnishings in their rooms.

About Us

Product Specialists

Our Product Specialists have many years of experience within the industry, which, when combined with deep product knowledge, creates an enviable combination.

Project Managers

Experienced Project Managers, who have spent many years on the tools themselves will ensure that your project is delivered to the standard you want, within the time frame available.

Installation Operatives

Employed directly by Berwick, our installation operatives are living demonstration of our Code of Conduct. Quick and tidy, helpful and obliging. Always.

Interior Designers

Working with the principles espoused by leading organisations such as Sterling University, we use both junior (lots of cool ideas) and senior (that's experience) designers to come up with the ultimate look and feel.

Environments we create

Dementia

Appropriately designed settings accommodating challenging needs of dementia through thoughtful design.

Nursing

Mid to High End Nursing Homes looking to meet complex care needs while creating functional working environments for their staff.

Residential

High class, homely environments for the delivery of personalised assistance with daily living activities.

Y155 Deltis Bathlift
Plastic grab rail with rubber hand grips. This new high quality bathlift is one of the lightest reclining bathlifts available. Simple to take in and out of the bath, it separates into two parts for easier lifting and carrying. High quality materials and construction offer the utmost in safety and comfort. Suitable for nearly all bath tubs, the large side flaps allow easy transfer in and out of the bath.

Comes with soft feel removable, washable seat covers. Maximum user 140kg/22 stone. 3 year guarantee.

Price: **£295.00**

Equipment - Bathing

"We had used Berwick for larger items such as profiling beds and hoists when needed, and then in 2012 our residential care home business was growing along with our overheads. We contacted Berwick and Tristan came out to discuss our everyday housekeeping supplies to the occasional Nursing items. The service provided is excellent and never pushy, and often we have a friendly visit from one of the Berwick team to see how we are doing and even little gifts for individual residents, a very personal touch. I know that we can call Berwick for advice about items in the catalogue before making a purchase."

Carol Powell, Castlehaven Care Ltd

Bath Hoist
The bath hoist can be mounted on either a wooden or concrete floor to enable patients to safely transfer in and out of the bath.

A078	Manual Bath Hoist	£1083.00
A079	Electric Bath Hoist	£1537.00

Crystal Variable Height Shower Trolley
The Crystal has an easy rise manual action for high-low adjustment, which ensures that care-givers can work safely and comfortably during the procedure. Features head-up/footdown adjustment, for comfort, and quicker water evacuation. Splash sides and lockable fold-down side rails for added safety.

A0191	Crystal Shower Trolley - Manual	£2250.00
A0192	Crystal Shower Trolley - Electric	£2814.00

Equipment - Bathing

A999CH Caprice Variable Height with Integrated Hoist

With its integrated hoist, the user can be easily transferred in and out of the bath, and the tub height adjusted at the touch of the button. Makes light and dignified work of transfers, reducing the risk of back ache and pain for the care worker. The low profiling integrated hoist saves space in the bathroom, allowing more room to work and eliminating the serious trip hazard of a mobile hoist, can also be used as a wet room shower chair or over a toilet commode.

Prices from: **£9,050.00****

A999C Caprice Fixed Height

This highly affordable bath is ideal for users who have reasonable mobility and are able to step in and out of the bath independently or with some assistance.

Prices from: **£5,845.00***

A999CV Caprice Variable Height

The Variable Height Caprice take the aches and pains out of daily bathing routines. This model features push button high/low adjustment for a safer, more comfortable nursing height. The height adjustment also enables the bath to be lowered to allow those with reasonable balance and mobility to step in and out.

Prices from: **£7,261.00***

Equipment - Bathing

* Prices are plus installation. Installation is subject to site survey.

A9990 Onyx Bath

The Onyx has been specifically designed for medium to very high dependency needs and is available in two tub sizes. The longer option generously accommodates larger patients, while the compact shorter option is designed to maximize space.

Onyx features a silent high/low, which allows caregivers to work in a safe position when bathing high dependency patients, which can often take longer.

Prices from: **£9,550.00***

A999T Transcare Bath

Push button posture management. The Transcare is a highly versatile bathing system, which is ideal for patients with reduced posture control. The vertical rise side door allows easy patient access and the high-low function prevents risk of caregiver back strain. The Transcare system also has a unique tilting function, which allows patients with challenging conditions to semi-recline while fully immersed neck deep in water.

Price: £1,395.00

2 Year
Warranty

Top Tip

When side rails are used, you must ensure you have a minimum of 22cm from the top of the inflated mattress to the top of the side-rail to comply with Healthcare Safety Regulations. If this is not the case, a third rail may be installed to achieve this.

Equipment - Pressure Relief

E135 Comfort Underlay

Used in conjunction with an overlay air mattress this thin 2" (5.1cm) underlay, removes the problem of patients being too high for the cot rails.

Dimensions (mm) 2000 x 900 x 51

Price: £58.00

Heel and Elbow Pads

These pads are designed to offer a high degree of patient comfort with a generous amount of fibre filling. The edges are fixed with velcro strapping to hold pads in place. These items then protect the relevant parts from pressure damage and prevents skin damage at vulnerable locations. *Size for all pads is universal.*

F064	Fibre Filled Pad - Heel	£29.00
F065	Fibre Filled Pad - Elbow	£26.00

Repose Air Systems

An effective air cushion system for the treatment and prevention of pressure ulceration at all risk levels. Indicated for treatment of pressure related tissue damage with clinical supervision. Clinically evaluated and tested.

F085	Repose Seat Cushion & Pump	£80.00
F086	Repose Mattress & Pump	£155.00
F088M	Repose Foot Cushion & Pump Medium	£94.00
F088L	Repose Foot Cushion & Pump Large	£100.00

Equipment - Pressure Relief

F250 Comfort X-Cell Cushion

The X-Cell provides the optimum solution to comfort problems related to sitting in a chair. Made with High Resilience foam, it provides the support necessary for improving posture over the long term. Its ergonomic shape helps to achieve comfortable positioning.

Dimensions (mm) 460 x 450 x 80

Price: £25.00

F251 Comfort Viscoe Cushion

Made from memory foam, it adapts to a person's morphology by molding around the sacrococcygeal and ischial area. The foam's mechanical properties ensure that the pelvis is stabilized on the seat while increasing a person's comfort.

Dimensions (mm) 432 x 432 x 76

Price: £42.00

F153 Comfort Ergo Cushion

The Ergo cushion is made entirely of memory foam with different bearing capacities, allowing it to provide optimum distribution of pressure. The memory foam insert enables the cushion to mold around the buttocks, thus ensuring that pressure is relieved around the bony prominences in at-risk areas. The rear cutout and seat shape are specifically designed to relieve pressure in the ischial and sacrococcygeal areas.

Dimensions (mm) 460 x 430 x 100

Price: £76.00

“

“I am delighted with it - Mum looks so much more comfortable. The chair supports her and had corrected her tendency to slump which was causing her so much pain.”

Equipment – Specialist Seating

F118 HydroCare

With its outstanding comfort, ease of use and homely good looks, it will make a welcome addition to many care environments and wouldn't look out of place in any front room. The HydroCare is a supportive and adaptable nursing chair that incorporates a wide range of features to optimise the seating experience of its occupants. The most important consideration of a chair is comfort, and the HydroCare provides high comfort to encourage feelings of security, calmness and relaxation. Weight limit: 160kg/25 stone

Prices from: **£1,080.00**

F355 Delta

Providing comfort and postural support for the semi and non-ambulant, the Delta is easy to adjust and manoeuvre, making it as effective for the carer as it is for the user. Available with Manual, Electric or Regulated Motion tilt-in-space and leg elevation.

Contributing further comfort and support the Delta has the option of either the Advanced Comfort Backrest incorporating Reflexion Foam or an entire Reflexion Foam Backrest that moulds itself to the contours of the user to disperse body weight more evenly. Weight limit: 180kg/28 stone

Prices from: **£2,050.00**

F368 Porter

Designed for comfort, support and a friendly appearance, the Porter Chair will fit and suit most needs. Available in 3 sizes, with the added function to adjust the seat depth. The seat incorporates a contoured memory foam cushion with 4 way stretch vapour permeable fabric to assist with pressure management. Weight limit: 130kg/20 stone

Prices from: **£995.00**

F474 Florian

The Florian incorporates a Tilt-in-Space pivoting system and the ability to remove the arms to facilitate side transfer. Featuring legrest elevation, different seat lengths and an integral flexible head support, this is a very versatile and flexible chair. Weight limit: 180kg/28 stone

Prices from: **£1,120.00**

Equipment – Specialist Seating

F927T Hydrotilt

A combination of features designed for the benefit of both the carer and occupant, the Hydrotilt has set the standard for high dependency care chairs. Featuring Tilt-in-Space and integral pressure management in the seat and back cushions, the key dimensions of seat depth and width can be easily adjusted to ensure that a wide range of clients are sitting correctly.

Weight limit: 160kg/25 stone

Prices from: **£1,795.00**

F555 SmartSeat Pro

Effective movement and precise positioning for those unable to maintain their body posture. The dynamic features of the chair enables it to accommodate the changing and complex needs of the individual, whilst providing excellent comfort.

Weight limit: 160kg/25 stone

Prices from: **£2,775.00**

F368 SmartSeat

The SmartSeat from Careflex incorporates technology that has never been seen in our industry until now! Adaptable to both individual and multi-user environments, the SmartSeat is particularly well adapted where easy transfer, infection control, postural support and pressure reduction are important.

Features to look out for:

Unique stowable and adaptable footplate – can be stowed or deployed at any angle of chair tilt without disruption to the patient, whilst providing customised comfort and support.

Precision engineered floating-tracking legrest – comes with new floating-tracking technology for optimum pressure and postural management.

Integral seat-width adjustment system – incorporated into the chair frame: no need for additional cushions or tools for adjustment.

Prices from: **£2,330.00**

Equipment - Specialist Seating

F460 Rose Care Chair

In the proper sitting position. It successfully provides a natural and comfortable feel. With its adjustable leg-rest, Tilt-in-Space and recline functions, this chair will adapt to a wide variety of demands.

Prices from: £1,199.00

G103 Bead Chair

Versatile and flexible the Bead Chair range, provides a supportive and comfortable seating solution. Whether as “fun” informal furniture for the more boisterous user or as mouldable positioning aids for some forms of disability, the Bead Chairs complement many different environments.

Prices from: £425.00

F027FL Hydroflex

One of the most flexible chairs in the range, combining an articulating back, back angle recline, Tilt-in-Space and integral pressure management. The wide variety of positions that can be achieved, together with the comprehensive range of options and accessories that are available, mean the chair can accommodate specific postural adjustments or form part of a rehabilitation programme. Incorporates Water Cell Technology.

Weight limit: 150kg/25½ stone

Prices from: £2470.00

“We have always been more than happy with the service we receive from Berwick, the quotes are invariably the best and the customer service we receive is excellent. The after sales service makes you feel valued as a customer and we would recommend them to anyone.”

Equipment - Specialist Seating

F357 Omega

The Omega is a robust and durable chair that can withstand demanding and severe movements, yet provide a safe and relaxed seated position. The uniquely linked back and seat recline enables the seat angle to increase as the back angle reclines to guarantee a consistently good seating position.

The Omega legrest is made from Reflexion Foam and is securely fixed to the chair by strong flexible attachments.

Weight limit: 150kg/25½ stone

Prices from: £1,995.00

G101 Chillerton Chair

Designed for those seated for a long time, the Chillerton combines exceptional comfort with good security for those at risk of falling from a conventional chair. The 20° tilt, good lumbar contour and high, well padded arms help in achieving improved posture and support. Combined with the optional footrest, the Chillerton provides an excellent position for sleeping. A hygiene gap at the bottom of the inside back allows fluid to escape and enables carers to easily wipe clean.

Weight limit: 113kg/18 stone

Prices from: £595.00

F0271 Stirling

An enduringly popular design, the key to the Stirling's success is the degree of the seat tilt to back angle recline. Combined with lateral support, this ensures the correct posture and position of the user.

Simple but effective, the Stirling can be tailored to the individual user where necessary, and pressure relieving seat options are also available.

Weight limit: 102kg/16 stone

Prices from: £770.00

G198 Petite

Electrically operated Rise Recliner for more petite users. Ideal for clients who are mobile, but struggle to rise from a chair. This chair features a lift action as well as leg elevation and back recline. Extremely compact, this chair will take up little space and is available from stock for rapid delivery.

Weight limit: 113kg/18 stone.

G195	Petite Linen	£595.00
G197	Petite Blue	£595.00

Equipment - Specialist Seating

Cameo

This electrically operated Rise Recliner is ideal for clients who are mobile, but struggle to rise from a chair. Operating off a single motor, this chair is simple to use and will recline almost flat. This chair is available from stock for rapid delivery.

Weight limit: 147kg/23 stone

G192A	Cameo R & R Almond	£599.00
G192S	Cameo R & R Aqua (Slate Blue)	£599.00
G192R	Cameo R & R Burgundy	£599.00

Brecon Express

Scroll arms and full chaise footrest are complemented with a three pillow waterfall back. Each luxurious fibre filled cushion is adjustable vertically to give added comfort options. Available in 3 wipe clean fabrics - Beige, Blue and Black, and three sizes.

Please state colour required at point of order.

G261	Standard (SH 19", SD 20", SW 20")	£999.00
G260	Compact (SH 18", SD 18", SW 18")	£999.00
G259	Petite (SH 16", SD 18", SW 18")	£1,050.00

D026 Lynx Standing Hoist (200KG)

Currently the lightest and most compact mobile aluminium standing hoist, the well-thought-out design of the Lynx also guarantees the utmost support and safety. Unique features include:

- Light weight, only 32.5KG
- Easy to dismantle, heaviest component only weighs 15KG
- Will fit up to 200KG
- Unique 3-point concept for comfortable client experience

Sling sold separately.

Price: £1,495.00

The 3-point concept

Due to its extremely low pivot point and its telescopic adjustment, the holder can be perfectly positioned. This means aching pressure points in the armpits, typically caused by unintentional shifting of the belt, are not possible.

Height, width and angle of knee pressure pad can be individually adjusted.

Due to its size the foot plate guarantees a safe stand. Adjustable heel lock guarantees safe positioning.

Equipment - Moving & Handling

D034 Reliant Standard Hoist

The small and manoeuvrable Reliant 350 Stand Assist can provide easy, safe and comfortable assisted transfers for patients in care or with rehabilitation needs. With a maximum user weight of 158kg/25 stone its design allows patients to be transferred or assisted from either a bed or chair. Recommended sling is a Standard Sling on page 100.

Price: **£950.00**

D2971 Eva Hoist 400EM

Sturdy mobile hoist made entirely from aluminium. Meaning it is strong, lightweight, easy to manoeuvre and easy to clean. The unique Active Speed function means the first stage of the lift (without load) is carried out very quickly, while the speed is automatically reduced as soon as load is applied.

Weight capacity 180kg/28 stone.

Price: **£1,395.00**

D297 Eva Hoist 450EM

Also available with 205kg/32 stone weight capacity.

Price: **£1,925.00**

D498 Leopard Hoist (200KG)

£ for lb. When comparing the lifting strength of The Leopard, with its cost, this hoist has to be one of the strongest contenders, just like its namesake.

Unique features include:

- 200kg Lifting Capacity
- Folding Frame
- Trustworthy Linak Motors
- 5 Year Frame Warranty

Overhead, Ceiling Track Hoists allows greater flexibility. Including very high and very low lifting, option of completing transfers in difficult to access locations and ease of storage. Never in the way, and always where you want them. Suitable for use in Nursing Homes, Hospitals and Domestic Properties. [For a free room survey and quotation call : 01743 440011](mailto:sales@berwickcare.co.uk)

Equipment - Moving & Handling

Fastfit Sling

This sling is one of the most popular slings on the market with varying names including Quickfit, Easifit, Universal. The Fastfit is a divided leg sling which can be used between the legs or in a hammocked position.

D347S	Small	£75.00
D347M	Medium	£75.00
D347L	Large	£75.00

Standard Sling

A good supportive sling with plenty of padding. It features a velcro waist support and a clunk click buckle for additional security. Available with loop fastenings as standard.

D325S	Small	£89.00
D325	Medium	£89.00
D281	Large	£89.00

Also available: XSmall, XLarge, XXLarge - please call 01743 440011

Fastfit Deluxe

This sling is a popular style and is generally used when a client needs to have good support in the thigh and hip area. The Fastfit Deluxe is a divided leg sling that can be used between the legs or in a hammocked position.

D266S	Small	£76.00
D266M	Medium	£76.00
D266L	Large	£76.00

Universal Deluxe Sling

This sling is similar to the Fastfit Deluxe, and is designed for easy application. The sling can only be used in the divided leg position.

D244S	Small	£89.00
D244M	Medium	£89.00
D244L	Large	£89.00

Equipment - Moving & Handling

Low Convenience Sling

Allows transfers to be made with the end users arms on either the outside of the sling or the inside. Large opening around lower body ensures hygienic toileting and makes clothing changes easier. Quick to fit, this sling is extremely comfortable.

D235XS	Extra Small	£135.00
D235S	Small	£135.00
D235M	Medium	£135.00
D235L	Large	£135.00
D235XL	Extra Large	£145.00

Longseat

The Longseat is used for general sling transfers. It is made with padding along the edge of the leg area for additional comfort.

D246S	Small	£65.00
D246M	Medium	£65.00
D246L	Large	£65.00

Access Sling

The Dress/Toilet sling is widely used for the convenience of toileting and dressing a client with good upper body control.

D152S	Small	£79.00
D152M	Medium	£79.00
D152L	Large	£79.00

Equipment - Moving & Handling

Arjo Replacement High Easy Sling
Supplied with clip fixings as standard, loop fastenings also available.

D189SS	Small	£135.00
D189SM	Medium	£135.00
D189SL	Large	£135.00

Arjo Replacement Dress/Toilet Sling
Supplied with clip fixings as standard, loop fastenings also available.

D189TS	Small	£75.00
D189TM	Medium	£75.00
D189TL	Large	£75.00

Insitu-Sling
This sling is ideal for clients who need to sit on the sling for long periods of time. Made of a super fine fabric which helps to reduce overheating of the body and preventing slipping.

D315	Small	£160.00
D316	Medium	£160.00
D317	Large	£160.00

Disposable Sling - Loop Fixings
Designed for single patient use only, unless sling shows any signs of deterioration and must be destroyed if soiled. Designed for short term use and should be inspected regularly for end user safety.

D194	Small	£9.95
D195	Medium	£9.95
D196	Large	£9.95

Equipment - Moving & Handling

D175 Rota Stand Solo
Developed to allow an assisted transfer from one seated position to another. The stabilising bar counter balances the Rota-stand so that only one carer is required, thus saving valuable time and halving the cost of having to have two carers present. Maximum user weight 200kg/31 stone.

Price: £239.00

Slide Sheets
The Ultra Slide Sheets allow many basic patient handling tasks to be completed without the need to lift and without the risk of skin shear.

D061	Compact - 70x72cm	£9.95
D062	Standard - 122x71cm	£19.95
D063	Long - 145x71cm	£22.95
D064	Wide - 122x100cm	£27.95

Flat Sheet
This flat sheet incorporates a series of hand grips giving positive grip when carrying out handling tasks. The Flat Sheet can be used singularly or in pairs and enjoys the same low friction as the Ultra Slide Sheets.

D067	Sheet Standard - 200x71cm	£24.95
D068	Sheet Standard - 200x71cm	£34.95
D071	Handy Pack - 2 Std & Comp Slide Sheet	£58.95
D073	Extension Straps	£1.99

Uni-Slide
Prevent patients from sliding down in a chair or bed. Uni-Slide allows carers to move patient back up the bed or into a chair then locks, preventing a slide forward.

D079	Chair - 45x40cm	£34.95
D080	Bed - 80x70cm	£49.95

Equipment - Moving & Handling

Curved Board

Curved design allows a transfer from one surface to another which may be impeded by the fixed arms of a chair or by a car door. Handgrips at either end on the deluxe model give the user a means of pulling themselves across.

D183	Curved Board	£28.95
D184	Curved Board Deluxe	£32.95

Handling Belts

A wide padded belt with four verticle handholds and three lateral handholds. Gives nurses and care staff greater control over the handling operation. Non-slip inner lining to prevent the belt sliding upwards during a transfer.

D189TS	Mini Deluxe - Waist 20"-45"	£19.95
D189TM	Maxi Deluxe - Waist 24"-45"	£29.95
D189TL	Maxi Plus Deluxe - Waist 36"-60"	£35.95

Turntables

Allows patients to be moved from one seated position to another (i.e. chair to wheelchair), safely, by eliminating the need to shuffle their feet. This greatly reduces the risk of loss of balance and injury to both patient and carer. Non-slip base gives extra stability. Extremely lightweight and portable.

D115	Diameter 300mm	£26.95
D116	Diameter 380mm	£29.95

Rota-Cushion

Flexible turning disk for use on car seats, chairs and beds. Allows a smooth swivel transfer without painful jarring and twisting. Soft and padded for improved patient comfort.

D108	Standard Diameter - 380mm	£29.95
D109	Large Diameter - 450mm	£34.95

Equipment - Moving & Handling

Bed Pull and Leg Raiser

D104	Bed Pull - Length 200cm	£7.95
D105	Leg Raiser - Length 103cm	£7.95

D298 Easyglide

For lying transfers; positioning higher up in the bed, turning in bed and transfers from one bed to another. Facilitates the placing of an x-ray cassette and positioning of slings. Very thin and easy to apply.

Price: £65.00

D310 OneWaySlide

The main function of the OneWaySlide is to improve sitting positions in chairs or wheelchairs. The sliding mat effectively retards forward movement yet slides backwards, making it easy for the carer to help the user move into a more comfortable position in the chair. It is simply a case of grabbing the handles and pulling – without great use of force. The OneWaySlide has a soft padded surface which is very comfortable to sit on.

Price: £84.00

D300 Flexigrip

Get in and out of bed – and exercise the arm muscles at the same time. Loops around the bed footboard or around a handrail allowing the user to step-by-step gradually pull themselves up from a lying to sitting position. The action involved strengthens the stomach and arm muscles of the user.

Price: £54.00

Equipment - Moving & Handling

D301 Easyglide Foot Stool

The FootStool is used mainly as support under the feet during transfers to reduce pressure underneath the thighs. It is also a practical aid to provide a better sitting position on the toilet. An indentation in the front edge allows a carer to stand as close as possible, which gives better posture. In the rear edge there is a more shallow indentation for a toilet chair or other obstacle.

Price: £54.00

D5023 Ambiturn

The Ambiturn Sit to Stand Transfer Aid assists with pivoting transfers between different seat surfaces and can transport users short distances. Requires user to pull on handle to stand up and to be weight bearing.

Price: £475.00

ReTurn

Multi-functioning, pivoting and transportation platform. It is also a rehabilitation device.

For users who still retain some strength, the ReTurn stimulates the natural pattern of moving and it also strengthens some muscles. For the Carer – an easy procedure which eliminates all heavy lifting.

Rolls easily even with a heavy user, meaning the wheelchair can be placed at a reasonable distance, allowing more space to work safely.

D299	ReTurn Belt	£575.00
D312S	ReTurn Belt Small	£107.00
D312	ReTurn Belt Medium	£107.00
D312L	ReTurn Belt Large	£107.00

Equipment - Moving & Handling

Evacuation Sheet

The Berwick Evacuation sheet is used in conjunction with standard foam or air mattresses. During evacuation the straps are secured around both the mattress and the user who is evacuated safely.

D0851	Foam Mattress	£40.00
D0853	Air Mattress	£49.00

D0857 Berwick Stair Assist Evacuation Device

The Berwick Stair Assist Evacuation Device has been designed for those who are mobile but have difficulty using the stairs. The product has a 50mm foam base giving maximum support to evacuate safely.

Price: £149.00

D322 Wall Mounted Evacuation Mattress

The Harvest wall mounted evacuation mattress is ideal for locations such as nurse stations. The mattress is stored in a wall-mounted bag for easy access when needed. During evacuation the mattress is pulled from the storage bag, unfolded and laid out. The patient can then be positioned on the mattress and secured using the chest and leg webbing straps. Once patient is securely held the operatives can pull on the webbing loops and slide the patient along the floor to safety.

Price: £99.00

D605 Exitmaster Evacuation Chair

In the event of an emergency lifts should not be used in multi-storey buildings, therefore the mobility impaired, people with a disability or who are injured may become trapped. Exit-Master is a universal evacuation solution for smooth stairway descent during an emergency situation without the need of great physical strength or lifting. Versa (180KG).

Price: £569.00

Equipment - Bed Accessories

W184P Leg Trough

Provides support and promotes recovery.
Wipe clean cover.

Price: **£34.00**

E0722 Third Rail Attachment

Used in conjunction with the Europa 2 Bar Profiling Bed, increases the height between the mattress and the top of the rail, giving greater patient safety.

Price: **£150.00**

E039 Anti-Roll Bed Wedge

Preventing patients rolling out of bed. Set consists of a wipe clean vapour permeable drawsheet which attaches to the mattress with two straps. A pair of 8" high, wipe clean wedges attach firmly to these sheets with velcro. Patient sleeps between these. Prevents roll-out, however, the patient is still able to get out of bed independently as the soft foam compresses sufficiently when the lateral pressure of the legs is applied. Greatly reduces nurse calls.

Price: **£45.00**

E036 Fall Out Crash Mats

Designed to compliment bed bumpers and rails by providing added safety on the floor around the bed. High density foam with vapour permeable cover. Conveniently folds in three for easy storage under the bed when not required.

Price: **£45.00**

Equipment - Fall Prevention

Bed Rails

Designed for the patients comfort and security as the width adjustable rails help prevent fallouts. High bedrails are recommended in all instances where mattress overlays are used.

E022	Divan Bed Rails	£99.00
E023	Hospital Bed Rails	£99.00
E024	Divan Bed Rails (high)	£119.00
E025	Hospital Bed Rails (high)	£119.00

Bed Rail Bumpers

Designed to fit telescopic bed rails, these bumpers provide extra protection and comfort to the patient. Foam filled and covered in a two-way stretch, wipe-clean fabric, this product is designed to offer patient protection at a cost effective price.

E029	Bed Rail Bumpers - 1370x360mm	£45.00
E030	Bed Rail Bumpers long - 1525x360mm	£89.00

E028 Tea Cosy Bumpers - Pair

These bumpers have sealed ends. The bumper therefore slots right over the rails, covering at parts of them in the process.

Price: **£56.25**

2 Bar Bed Rail Bumpers

Designed for use with the full length rails found on many profiling beds. These bumpers protect the user while ensuring you lose none of the functionality of the bed. With a mesh insert between the rails improves visibility.

White bumpers are MRSA resistant.

E033B	Zip Fastening, Blue	£79.00
E033C	Zip Fastening, White	£79.00
E034	Zip Fastening, Cream	£79.00
E033E	Zip Fastening, Cream - 20cm Extended	£105.00

Equipment - Fall Prevention

Nurse Call Floor Mat

This innovative tried and tested alert mat works with nearly all nurse call systems. The mat is activated when a patient steps out of a bed or chair onto it, and the large mat size reduces chance of ‘over stepping’.

High pressure welded seams prevents wires ‘pulling’, greatly increasing the mats working life.

**To ensure we despatch the correct item, please indicate if the jack plug on your installed nurse call system has 2 or 3 rings around it.*

E04502*	Nurse Call Floor Mat 2 Pin	£99.00
E04503*	Nurse Call Floor Mat 3 Pin	£99.00

Stand Alone Nurse Call Bed Sensor Mat

Anti-bacterial foldable bed sensor pad, measuring 764mm (L) x 390mm (H), for use above the mattress. Ideal for third party integration or with our fall monitoring solutions. Comes with its own alarm or order with connection lead to connect the mat to your existing Nurse Call System.

**To ensure we despatch the correct item, please indicate if the jack plug on your installed nurse call system has 2 or 3 rings around it.*

E04505	Nurse Call Bed Sensor Mat - Inc Alarm Box	£140.00
E045	Mono 2 Pin Connection Lead	£15.00
E047	Stereo 3 Pin Connection Lead	£15.00

Stand Alone Nurse Call Chair Mat

This new, chair sensor pad measures 383mm (L) x 304mm (H), for use with traditional chairs and wheelchairs. Comes with its own alarm or order with connection lead to connect the mat to your existing Nurse Call System.

E04506	Nurse Call Bed Sensor Mat	£132.00
E045	Mono 2 Pin Connection Lead	£15.00
E047	Stereo 3 Pin Connection Lead	£15.00

E045S Call Motion Sensor

This monitor can be mounted on a door or by the bedside to trigger an alert when a person breaks the infrared beam. The Infrared Monitor is a great alternative for when carers determine that the use of sensor pads is undesirable.

This simple-to-use monitor comes with a swivel bracket for easy mounting and adjustable positioning.

Price: £80.00

Equipment - Misc

W259 Bed Cradle

This chrome bed cradle fits under the mattress and folds flat for storage when not in use. Supports the weight of bed clothes and reduces contact with the users injury.

Price: £29.00

Cardiff Legrest

G264	Cardiff Legrest - Mobile	£53.00
G263	Cardiff Legrest - Static	£44.00

“We are so pleased with it. I wish someone had told us about it 5 years ago. We paid extra for the motorised action, which has been well worth it as Des can move his legs himself.”

W2571 Elland Grab Rail

The Elland Grab Rail has been designed to attach to the framework of metal beds to help residents get in and out. Suitable for the Europa Profiling Bed. Handle height 650mm (26”).

Maximum user weight 180kg/28 stone.

Price: £99.00

Equipment - Mobility

708 Wheelchair

This robust chair is designed to stand up to the rigours of a busy care home life!

- Metal footplates
- Solid tyres
- Steel construction
- Swing away footplates
- Removable side arms

SO13	708 Wheelchair Self Propel	£195.00
SO13T	708 Wheelchair Transit	£195.00

U076 Inovys Wheelchair

Offers fantastic support with an array of features including: tilt, recline, swing away footrest, removable cushions, elevating leg rests and adjustable headrest. Superb for anyone who needs good postural support combined with excellent mobility.

Price: £1295.00

Care & Hygiene - Medical

Eclipse™ Safety Needles

Designed to protect from needlestick injuries after injection. SmartSlip technology helps to ensure a secure connection to Luer Slip Syringes. Wide textured finger pad provides safe activation area for thumb or forefinger. The integral safety cover and extended sidewall provide extra protection. The needle remains locked inside an activated needle cover. Activates with a touch of a finger – no hard surface required.

J134	Needle 21G 38mm Green x100	£20.95
J125	Needle 23G 25mm Blue x100	£20.95
J124	Needle 25G 16mm Orange x100	£20.95
J1672	BD Giving Set Y Adapt	£92.50

BD Push Button Blood Collection

Split-second protection, with a safety mechanism which instantly helps protect you against needlestick injury. Its in-vein activation reduces risk of healthcare worker exposure to a contaminated needle, provides easy activation without patient discomfort, and is ideal for use in high-risk environments.

J191	Blood Collection 21G x50	£62.50
J190	Blood Collection 23G x50	£62.50

BD Blood Collection Needle

Intuitive design featuring anti-slip ridges, natural thumb fit and ergonomic lip. Built-in safety shield in alignment with the bevel of the needle - permanently and securely locks in place after blood collection. Full integration of holder and needle reduces the risk of holder-end needlestick injuries and improves efficiency of the blood collection process.

J400	Vacutainer Eclipse 22G x48	£13.50
J1891	Vacutainer Eclipse 22G x100	£30.30

SANITISE Cutan Foaming Sanitiser

Cutan foaming sanitiser is a unique, worldwide patented, high efficiency, foaming alcohol sanitiser, that works instantly to kill micro-organisms present on the skin. Large number of benefits including:

- Leaves skin feeling soft and smooth. Free from thickening agents so will not block dispensing equipment.
- Will not run through fingers and onto floor like traditional alcohol rubs.
- Contains conditioner to help prevent skin dryness 1 Litre cartridges.

**N021	Cutan Foaming Soap - 6x1000ml	£55.86
N020	Cutan Foaming Sanitiser - 12x400ml	£74.28

N022	Cutan Bracket (use with the 400ml packs)	£1.90

PROTECT Cutan Moisturising Cream

Cutan Moisturising Cream is ideal for use in healthcare environments. It is ideal for areas where chlorhexidine based skin sanitisers would normally be in use. Used regularly it can help to keep skin moist and supple whilst normal skin functions replace oils lost through frequent hand washing. Benefits include:

- Rubs in quickly and easily leaves a non-greasy after-feel.
- Highly economical in use with only a small amount required for effective skin conditioning.

N025	Cutan Cream - 6x1000ml	£71.76
N026	Cutan Cream Dispenser	£9.99
N025S	Cutan Cream - 12x150ml	£37.20

Developed exclusively for the healthcare market, an all-in-one carpet extraction cleaner, urine neutraliser, deodoriser and rinse agent. Pale green liquid with lemon & lime fragrance. Dilution 1 to 100 or 1 to 20.

Price: £11.75

P018 Liquid Defoamer 5L

High quality professional anti-foam concentrate for extraction machine recovery tanks. Contains high concentrate of powerful silicone emulsion which counteracts foam from previous shampoo residues. White liquid with mild odour. Dilution 1-500 or as required.

Price: £15.50

Care & Hygiene - Carpets

P090DS Duplex 340 Carpet Cleaner with Steam

The Duplex 340 Floor Steam Cleaner, with a cleaning width of 340mm (13"), gives 'right to the edge' cleaning on all floor surfaces, alongside walls and into corners.

Steam is supplied to one of the contra rotating brushes and therefore floors are left sanitised and virtually immediately dry.

Price: £2,575.00

Polaris

Prochem's state-of-the-art self-contained carpet soil extractor provides unequalled features for the institutional and commercial carpet cleaner. The Polaris 800 offers unrivaled portability, ease of operation and performance. Full floating and self-levelling cylindrical powerbrush, eliminates the need for continual manual adjustment.

- 120 psi diaphragm pump
- Twin 2 stage vacuum motor with 48 cm (19") cleaning path.
- Increased vacuum airflow reduces drying times and gives faster cleaning.
- Hinged body, provides safe, quick and easy access to all internal components.
- Optional accessories and hand tools, can be attached for immediate use.
- Patented four-wheel design, allows pivoting on front or rear wheels for increased manoeuvrability.
- Fully adjustable handle, suits any operator.
- 70 decibel silencer fitted as standard, ideal for 'quiet cleaning areas.

"See-through" recovery dome and easy lift-off bucket, no hoses to detach.

Care & Hygiene - Carpets

P107 LW30 Pro Floor Washer Dryer

High tech multi-functional lightweight floor scrubber drier, with high speed brush action for forward and reverse cleaning in confined areas. Suitable for ceramic tile, vinyl, linoleum and all washable hard and smooth flooring as well as low profile entrance mat and carpet.

Price: £945.00

The Comet

Upright self-contained power brush carpet and upholstery cleaning machine.

The Comet weighs only 18 kilos so it's light enough for anyone to handle, plus the compact body design and fold down handle make it easy to transport and store. Remove two safety screws and the machine opens like a clamshell for fast service.

The Comet is small enough to clean in tight spaces, yet powerful enough to perform well in any situation. A revolutionary bladder design eliminates the need to pour solution into the machine. Simply fill the bucket, set it on the machine, close the lid and begin cleaning.

Features

- Patented self-adjusting, self-levelling brush
- Handle adjusts to operator height and folds for storage
- See-through recovery dome
- Side extension cleans right up to skirting boards
- Upright vacuum motor and diaphragm pump for longer life

Also Available is the 5 Star Carpet cleaner which has a flow control valve allowing you to use it in hard floors as well as carpet

Terms & Conditions

The following conditions apply to all contracts between Berwick Care Equipment Limited ('the Supplier') and the Purchaser and shall override any terms or conditions stipulated, incorporated or referred to by the Purchaser whether in the order or in any negotiations unless expressly accepted in writing by the Supplier. The headings of the clauses of these conditions are for reference only.

Prices

(a) The Supplier may vary the contract price to take account of any variation in the cost of products and transportation between the date of the order and the date of delivery or despatch of the goods.

(b) The price quoted does not include the amount of any Value Added Tax which shall be added to the price and be payable by the Purchaser.

Delivery & Carriage

(a) Delivery is on a DDU basis. The Supplier shall be under no liability to the Purchaser for damage to or loss of goods in transit unless the purchaser notifies of any damage or loss of goods within 3 working days from receipt.

(b) Where the Purchaser's order specifies a delivery date the Supplier shall make every effort to comply with this date but unless otherwise expressly agreed in writing, the Supplier shall not be liable for delay of delivery.

(c) Where it is agreed in writing that the Supplier shall be liable to the Purchaser for delay in delivery the Purchaser nonetheless has no claim against the Supplier for delay in delivery of, or failure to deliver the goods, as a result of strikes, labour disputes or other industrial action, emergency conditions, fire, flood, accident or any other cause whatsoever beyond the Supplier's control whether or not of a similar nature to any of the foregoing, nor shall the Purchaser have any claim against the supplier for failure to deliver the goods within the time specified if the Purchaser is in breach of any of the terms hereof or in any way delays the execution of the work.

(d) The Supplier may make deliveries in one or more instalments and each such instalment shall be deemed to be under a separate contract. Any default by the Supplier in delivery of any instalments shall not entitle the Purchaser to repudiate the contract with regard to future instalments remaining deliverable.

(e) If the Purchaser makes a default in taking delivery of or paying for any instalment the Supplier will be relieved from all obligations to make any further deliveries but without prejudice to its right to recover damages for breach of contract.

Payment & Title to the Goods

(a) Normally payment will be due 30 days after the day when the invoice was raised. The Supplier reserves the right to vary these terms of payment and the Purchaser should make payment in accordance with the terms stated in the Supplier's invoice or as stated by the Supplier on receipt of the Purchaser's.

Order.

(b) Supplier reserves the title of the delivered goods (reserved property) until all claims have been settled, even if payments for specially designated claims have been made. With a current account, the reserved property serves for securing payment of the amount outstanding.

(c) Purchaser shall have the right to process and sell the goods sold with retention of title in the course of normal

business under his standard terms and conditions as long as he has not delayed payment. Pledging or assignment of securities is prohibited.

(d) Purchaser commits himself to provide any information necessary for enforcing Supplier's rights and to hand over any documentation necessary for this. When third parties have access to the goods sold with retention of title, especially in the case of pledging, Purchaser must point out Supplier's ownership and notify the latter at once by registered mail to enable Supplier to enforce his rights of ownership. Purchaser shall bear the costs of all measures necessary for averting the intervention.

(e) Any breach of contract by Purchaser - in particular delayed payment - shall authorise Supplier to request the return of the goods sold with retention of title or, where appropriate, request transfer of Purchaser's claims for return against third parties. Requesting the return and pledging of the goods sold with retention of title by the seller do not constitute a rescission of the contract.

(f) Purchaser is obligated to provide for adequate insurance protection of the goods sold with retention of title. Despite the reservation of title, Purchaser bears the risk of loss and deterioration of the goods sold with retention of title.

(g) Notwithstanding the terms of sub-clause (b) hereof all responsibility for the safe custody protection and preservation of the goods after delivery is deemed to have taken place shall rest with the Purchaser who shall take all proper steps with regard thereto and shall in any event remain liable to pay for all goods delivered.

(h) The Supplier reserves the right to charge interest on overdue payments from the date due at borrowing rates then current but not less than 2% above the Supplier's Banker's Base Rate from time to time in force.

(i) The purchaser shall notify of any discrepancies with the invoice within 14 days of receipt.

Responsibility for the Goods & Testing

The following conditions apply wherever the goods are used including circumstances subject to the Health and Safety at Work Act 1974 or any other legislation current or future.-

(a) The Supplier's liability arising out of the supply of defective goods shall not in any case exceed the cost of the goods and the Supplier will in no circumstances be liable in contract tort or otherwise for any consequential damage injury loss or expense however caused whether to the Purchaser or to any other person or thing whether arising directly or indirectly from the defect and shall not apply in any case for defects due to wear and tear neglect or use of the goods for any purpose other than those for which they are designed.

(b) Where the contract requires or implies compliance with any codes, regulations, standards or other rules the Supplier only accepts responsibility for compliance with such codes, regulations, standards or rules as published at the date of the Supplier's acceptance of that order.

(c) The goods must be regularly tested by the Purchaser and the user of the goods to ensure that they are suitable (and continue to be suitable) for the purpose for which they are to be used.

The Purchaser will not solicit nor canvass

For the purposes of employment or engagement nor employ nor engage in any capacity whatsoever any member of the Supplier's sales force or other employee or consultant whether self-employed or not.
